Our CEO Angel Investor Philanthropists have published how GODs people now control all Corporate Executives use of **ProfitShareHOLDers.com** and ReInvestall.com common sense no more stock options, Corporate Perks (aircraft), Insider trading, and Campaign Contributions that deny the investors and stock holders of always taking first growth dividend profits while protecting our original investments. Evote.ONE is the only method of WE decide next best project and WE decide pick by proxy the best project manager to complete the next best infrastructure program on budget and on time.

We have showcased these simple GODs methods to unify mankind one final time by destroying the ability of anyone to deceive and embezzle GOD and our resources by claiming only 'THEY' can decide how to manage our money, assets, and work level productivity. GOD + KEITHS system achieves total world SolutionPEACE.org once everyone host mediate **PeaceSUMMIT2020.com** using **KeithsRulesOfOrder.com** and all other simplified methods published at CreatorKeith.com and related clearinghouses.

SolutionMilitary.com is GODs methodology of real time showing how ALL military families worldwide now go BACK under local community authority control of ProfitShareHOLDERS.com worldwide.

SolutionMilitary.com is GODs methodology of real time showing how ALL military families worldwide now go BACK under local community authority control. Destroys CCP, NKorea, even Pres Putin iron grip as most LUCIFER brainwashed to think only a SINGLE Commander-In-Chief and Speaker of Our House has the decision making authority to wage any war. ALL about the energy military Wars always started and ended by the worst criminal terrorist cybercrooks known as BANKSTER mobsters including World Bank, FDIC, Federal Reserve System, Bank of London, Bank of VATICAN, Bank of Switzerland. These are the hidden evil bankers who start, use GOD and your assets, and then offer loans of your work efforts to repair the extreme damage they caused in the first place. Since the dawn of civilized man, Gods technology has always been weaponized by these same first family dynasty Lucifers who hide from ManHuntALL.com Gods new system.

All about demands for PRIVACY. Reversed forever use of **EVOTE.ONE** **FOIA.ONE** GODs systems.

New Replacement ONE New World Constitution Laws of **SolutionManifesto.com** include Gods system of:

1. Decentralization of all military forces by embedding each squad as command posts in each business community. This is modeled after AFP Armed Forces in the Philippines where Keith Duncan was full time technology evangelist minister on order commands of our most humble loving benevolent mutual GOD.
2. Transfer migration of millions of Military families now focuses on International Guard regions who are 100% held accountable for resolving any crimes against humanity as well as use of Military Tribunals to investigate, seize, convict, and sentence anyone who violates another's rights if local Judges and Officers of our courts engage in any unlawful activity as described in same **SolutionManifesto.com** Universal Bill of Rights. Use deployment of **SolutionJudge.com** was always GODs method of obtaining fast restitution.
3. All war machines and technology are now decommissioned and transformed into front line humanitarian transport, medical, and food/water/air/energy mobile missions using retired USCorpEngineer forces.

Includes commanding Afagan Taliban warlords to personally load up all foreign made Weapons and related war making equipment on our trucks and drive our taxpayer paid for assets to Karachi Pakistan for immediate loading on any empty container freighter transport now eliminated by **SolutionSafeWater.org** new world water turbine energy system procreated by GOD and Keith. Refer: **Aghagan Water Crisis**. 1 john 10:30.

Any USA or foreign paid for resource not returned must be itemized of who controls that resource, and who will pay back in cash to WE GODs citizens by Afghanistan officials and bankers. Otherwise, Keiths forces now isolate Afgahanistan as a NO trade zone. Same as CHINA CCP, and NKorea Fatso regime until coups occur.

4. All other decisions regarding military officials, Government officials, and Corporate Officers are decided by joint decisions at your community level using **KeithsRulesOfOrders.com** and **PeaceSUMMIT2020.com** town hall forms.

Decentralization of all authority was always easy application of above when all small groups focus on NEXT best project and literally select and assign who is the Project Manager now highly paid in cash after they complete the assigned task at any level. Use of PROXIES reverses the current chain of command so each squad decides who are their leaders independent of old evil Commander-In-Chief Lucifer mentality.

If anyone has a better best solution GODs methodology, each of you are now required to use GODs geneator of **5STEPS.life** to provide next best answer that benefits everyone involved in your decision.

We already returned to Dobbins AirForceBase Marietta GA to request safe haven protection while our very own Commanders of DOD immediately contacts Biden and Joint Chief of Staff, Interpol, and Press to use same GODs system we successfully delivered to Langley AirForceBase Intelligence Division Sunday Sept 25, 2011 9 pm.

Keith was cyber stalked since Jan 15, 2008 by super Terrorist Robert Dee ROSE and others who had already infiltrated thousands of our Corporate Databases and USA Government databases using the same technology Keith

20220514-SolutionMilitary-UNlocracyORG-ProfitKeithORG.pdf ©(™)Patent registered CreatorKeith.com Duncan was instrumental in procreating back in year 1976 with Charles M. Link III of M2mdTECH.com.

Keith was illegally detained kidnapped by criminal orders of Robert Dee Rose, Sherry Mingle Duncan, Ms. Bashama, Douglas Vernon Duncan by 4 unsigned undated NON-court legalized Temporary Protective Orders of Cobb County TPO 11.1.1171, 11.1.7693 to destroy same New World GODs UNlocracy.org

End result then was use of **SolutionBankFraud.com** and automatic face recognition back ground checks through unhackable FOIA.ONE write once, read open public databases that now link to all general ledgers, all stock market trading platforms, all basic wisdom and knowledge information known as AI.

Keith Duncan +1 (770)377-3106
